Stanford University Department of Urology Presents
Stanford Urology Grand Rounds and Uroradiology Care Conference

**Topic of the Month: Radiation**

**Faculty of the Month: James Brooks, MD**
Course Director: Hsi-Yang Wu, MD

**Tuesday, March 6, 2018**
Location: LKSC 120
6:15 PM – 8:15 PM

6:15 PM – 6:30 PM: Case Conference
Ericka Sohllberg, MD and Kyla Velaer, MD

6:35 PM – 6:50 PM: Research Presentation
Veronica Gonzalez, PhD

6:55 PM – 7:25 PM: Resident Presentation
Nancy Wang, MD

7:30 PM – 8:15 PM:
“Radiation Safety and Dose Optimization in Fluoroscopy”
Jia Wang, PhD

**Global Learning Objectives:**
- Develop strategies to apply emerging research and best practice guidelines in the diagnosis and management of adult and pediatric urology patients
- Evaluate the management details for patients and incorporate strategies to improve outcomes

**Session Objective(s):**
**Jia Wang:**
1. To understand concepts of radiation dose in medical ionizing imaging techniques, especially fluoroscopy
2. To learn the methods of reducing radiation dose to patients and operating staff during fluoroscopy exams
3. To briefly learn the techniques of radiation dose optimization in CT

**Accreditation**
The Stanford University School of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

**Credit Designation**
The Stanford University School of Medicine designates this live activity for a maximum of 2.00 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

**Cultural and Linguistic Competency**
California Assembly Bill 1195 requires continuing medical education activities with patient care components to include curriculum in the subjects of cultural and linguistic competency. The planners and speakers of this CME activity have been encouraged to address cultural issues relevant to their topic area. The Stanford University School of Medicine Multicultural Health Portal also contains many useful cultural and linguistic competency tools including culture guides, language access information and pertinent state and federal laws. You are encouraged to visit the portal: [http://lanc.stanford.edu/portals/cultural.html](http://lanc.stanford.edu/portals/cultural.html)
